Whilst here, he briefly met with staff and students sharing his vision on the way forward in public education. Pictured is Minister Piccoli, engaging with some students of Hay Public School.

#### Annual School Report

The 2014 Annual School Report has been completed and is now available on the school's website. In order to view the 2014 Annual School Report go to:

[www.hay-p.schools.det.nsw.au](http://www.hay-p.schools.det.nsw.au)

and follow the links under 'Our School' and 'Annual School Report'. The Annual School Report will not be printed in bulk this year. Should you not have access to the Internet and wish to obtain a printed copy of the 2014 Annual School Report, please contact the school to request a copy.

#### Resilience

One common trait all successful adults have is resilience. This is the ability to bounce back from disappointment and is something that needs to be taught to our kids every day. As our kids constantly remind us, life isn't always fair. How do we balance the desire to protect our children with the need to teach them how to cope with life's disappointments? Children will succeed if you let them sort problems out for themselves and if you refrain from constantly stepping in to save them from failure. Teach your child how to interact effectively with their peers, teach them that life isn't always fair and to accept that and adapt. Talk to them, commend their strengths and be positive about their abilities to improve their other skills. Kids notice how well parents handle stress and challenges and copy these behaviours. Get your children involved in extra curricular activities to help develop their social skills.
