Principal's Report

AFL – Paul Kelly Cup

On Monday, fifteen of our girls travelled to Sydney to take part in the state finals of the Paul Kelly Cup. The girls played on the hallowed turf of the SCG and had the backing of the whole town behind them. The girls played well, made the semi-finals and were placed 3rd in the state. A **FANTASTIC** achievement! Many thanks go to the numerous sponsors who gave generously to ensure that the girls were all able to travel to Sydney and enjoy this wonderful experience. Many thanks also to the supportive parents who travelled with the team and helped to seek sponsorship, the coach Mr Ayres and team manager Mrs Cullenward who made the travel and accommodation arrangements. This was a wonderful experience that will remain with the girls their whole life.

VP Day

Saturday 15th August saw the 70th anniversary of **Victory in the Pacific Day (VP Day)** where returned servicemen and citizens of Australia commemorate the surrender of Japan in 1945 to the allied forces. For Australians, VP Day meant that the Second World War was finally over after six long years of battles. Pictured in our newsletter is our small contingent of students who respectfully represented our school by taking place in the march and laying a wreath at the Cenotaph on Saturday.

Science Week

National Science Week is held from 15 – 23 August in

2015. The school theme for 2015 is *Making waves – the science of light*, based on the International Year of Light. This week students at Hay Public School will be involved in a science activity brought to them by the *Shell Questacon Science Circus*. The *Shell Questacon Science Circus* presenters visit local schools to present lively and energetic science shows using everyday materials and props. Adapted to the age of the students, the shows cover a wide range of topics from bubbles and balance to collisions and chemistry and lots more. Students in Years 3-6 will travel to the high school on Thursday to take part in this exciting show.

11 Years - District Athletics Champions

Last Friday, forty athletes travelled to Deniliquin to participate in the Deniliquin District PSSA Athletics Carnival. Hay Public School claimed victory for an eleventh consecutive year, coming away with two District Champions (Brait Headon and Charlee Masters). The Riverina Athletics Carnival will be held at Alexandra Park Albury on Monday 31st August.

School Uniform

Wearing a school uniform is an important part of school life and identifies students as being part of the school. The students look unified and wonderful when they are all in school uniform. Students are strongly encouraged to wear their correct school uniform each and every day.

Have a great week!

Seesaw

Seesaw is a learning journal that gives you real-time glimpses into your child's school day. Seesaw helps you stay in the loop and gives you an opportunity to support your child's learning at home.

Seesaw is easy to use. Simply download the app, create an account using your child's code and you will have access to your child's learning journal.

When your child adds a new item to their journal, like a photo, video, or drawing, you'll automatically get notified via app notifications, SMS or email. Simply follow the notification to view the new addition to your child's journal—it's fun and hassle free!

Teachers will send home a seesaw sign up code for your child. If you are experiencing trouble using the app please see your child's classroom teacher or Miss Burke.

Whooping Cough

1 IDENTIFY

Anyone can get whooping cough but it can be deadly for babies

- Babies and young children can stop breathing or develop severe coughing bouts that end with vomiting or gasping for breath.
- People of all ages can get whooping cough and can spread it to babies.
- Adults often just have a mild cough that lingers.

2 PROTECT

Immunise your baby on time to get the best protection

- Pregnant women should get vaccinated in the third trimester (preferably at 28 weeks).
- Get your baby vaccinated on time at 6 weeks, 4 months and 6 months of age.
- Booster vaccines for children and adults stop whooping cough spreading.

3 PREVENT

Whooping cough spreads quickly when people cough in the early stages of the infection

- If you have symptoms, see a doctor fast and get tested.
- Stay home until you are no longer infectious. Ask your doctor when it's safe to return to work, school or childcare.
- Keep anyone with a cough away from your newborn especially until your baby has had 3 whooping cough vaccines.
