Tell Them From Me Survey

I am delighted that this term, our school, like many other public schools in the state, will participate in a Department of Education initiative: the *Tell Them From Me* student feedback survey. The survey measures factors that are known to affect academic achievement and other student outcomes. The focus of the NSW-wide survey is on student wellbeing, engagement and effective teaching practices. The survey is a great opportunity for our students to provide us with valuable and quick feedback on what they think about school life, how engaged they are with school and the different ways that teachers interact with them. Schools in Australia and around the world have used the *Tell Them From Me* survey to help improve how they do things at school. A consent form and FAQs for parents/carers about the survey is being sent home with students. If you **do not** want your child or children to participate, please return the form to school by **Thursday, 24th March 2017**.

Annual School Report

The 2016 Annual School Report has been completed and is now available on the school's website. In order to view the 2016 Annual School Report go to: <http://www.hay-p.schools.nsw.edu.au/> and follow the links under 'Our School' and 'Annual School Report'. The Annual School Report will not be printed in bulk this year. Should you not have access to the Internet and wish to obtain a printed copy of the 2016 Annual School Report, please contact the school to request a copy.

Discipline

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students. In NSW public schools students are expected to: respect other students, their teachers and school staff and community members; follow school and class rules and follow the directions of their teachers; strive for the highest standards in learning; respect all members of the school community and show courtesy to all students, teachers and community members; resolve conflict respectfully, calmly and fairly; comply with the school's uniform policy or dress code; attend school every day (unless legally excused); respect all property; not be violent or bring weapons, illegal drugs, alcohol or tobacco into our schools; not bully, harass, intimidate or discriminate against anyone in our schools. Schools take strong action in response to behaviour that is detrimental to self or others or to the achievement of high quality teaching and learning. The principal and school staff, using their professional judgment, are best placed to maintain discipline and provide safe, supportive and responsive learning environments. A copy of Hay Public School's Discipline Policy can be found on our website.

Great Galaxies

Please ensure that your child has paid to attend the 'Great Galaxies' performance that is on tomorrow at a cost of \$5 per student. Hay Public School is committed to providing all students with a range of quality experiences to enhance their education.

Have a great week!

Hints and Tips No. 6: School Community

Everyone in the school community has a role to play in helping with school attendance.

Having students attend school is extremely beneficial to the future of local communities. However, many students do not attend school regularly or fail to attend at all.

Schools, parents and caregivers, local community members and businesses are all an essential part of providing and supporting education in our schools.

The NSW Department of Education and Training employs Home School Liaison Officers across the state. These officers are teachers who support schools and the school community to ensure that all students attend school regularly.

Parents having difficulty getting their child to school should not hesitate to contact either the school principal or the Home School Liaison Officer at your nearest Department of Education and Training office. Call toll free 131 536 for your nearest regional office
