Principal's Report

Reports

Semester One reports are due to go out on Friday 23rd June. Reports give a snapshot of the educational progress that your child has made over the past semester, as well as their social development and commitment to learning. Teachers assess students at Hay Public School against state wide standards and use a rigorous assessment process in order to do so. In addition to written reports we encourage parents and caregivers to attend scheduled parent / teacher meetings. This is a worthwhile opportunity where parents and teachers can share important information about their child's talents, strengths, interests and needs. All parents are encouraged to attend these meetings and be involved in your child's learning, as it is important to maintain strong communication links between home and school. Parents / Teacher meetings are scheduled for Week 10 with further information regarding times and dates included in this newsletter. If you are unable to attend on the given day, please ring the school to make alternative arrangements.

Regional Cross Country

Good luck to our Regional Cross Country team who will be competing in Gundagai this Thursday. These students have demonstrated a determination and focus to achieve, and with their continued commitment we are sure they will do their personal best on the day.

The qualities of a successful sportsperson are the same as those for every student wanting to achieve: whether it is in the classroom, on the sporting field, hobbies and social

pursuits. In order to improve, students need to take responsibility for their own learning. Focussing on the task at hand, putting in the effort and having determination and drive will ensure success in all walks of life.

Language, Learning and Literacy

Kinder and Stage One classes are all implementing L3 within their classrooms. This program supports the regular classroom literacy program that is informed by the K-6 English Syllabus and Literacy Continuum. It is wonderful to observe students becoming more independent and taking responsibility for their own learning during group rotations. Students are becoming successful readers and writers and are engaged in the varied literacy centres set up by their teachers. Kinder and Stage One teachers continue to undertake intensive professional training in order to ensure the program is implemented successfully and gains exemplary results.

ABILITY is what you're capable of doing

MOTIVATION determines what you do

ATTITUDE determines how well you do it

Have a great week.

The final score was 22-11. Thanks to Miss Hicks for her coaching/umpiring and to Carol Huggins and Iona Lilburne for scoring. Players' Player: Caroline Hussain. Coach's Award: Olivia Huggins.
