Education Week 2018

Thank you to all parents and guests who visited our school last week for Education Week. It was wonderful to welcome our new 2019 students and their families into our school as well as participate in an entertaining assembly that showcased our school and all it has to offer. I proudly listened to our captain, Lucy Shea, deliver her Education Week address at the assembly and would like to share it with the entire school community.

Welcome to our special Education Week assembly. The theme for 2018 is Today's schools creating tomorrow's world. Education Week celebrates NSW public schools and how they are equipping young people to thrive in a rapidly changing world.

Today at Hay Public School, we have shown you just some of the fantastic opportunities that our school has to offer. The Ready Set Kinder program, technology, ukulele groups and amazing teachers and resources. Our students participate in and represent our school in a variety of sports and academic programs.

Hay Public School focuses on developing a growth mindset to equip students to embrace challenges and reach higher levels of achievement. Students participate in the NSW University competitions, attend high school transition programs and display an alacrity of spirit during our Kids in Performing Arts activities.

Most importantly we have a strong relationship with our community and ensure that each child is known, valued and cared for.

Lucy Shea, School Captain – 2018

Ready Set Kinder

Students of Ready Set Kinder completed their first session at Hay Public School last week. Ready Set Kinder provides an early learning program that will support students' transition into Hay Public School at the beginning of 2019. This program is funded by the school in order to ensure that every child commencing

Kindergarten at Hay Public School is provided with a quality and extended prior to school educational program. Throughout the remainder of this year, Mrs Houston assisted by Mrs Terblanche and Miss Andrews, will implement the Ready Set Kinder program.

Working with Children Check

The Department of Education has a policy that affects volunteers who come and work in our school. The policy states that all volunteers must have a working with children check number and provide 100 points of identification. Our procedures for volunteers are as follows: All volunteers must sign in at the front office when they are on school grounds

- All volunteers must obtain a working with children check number and provide the front office staff at school with their clearance number (volunteers do not have to pay for this)
- All volunteers must provide the front office staff at school with 100 points of identification
- Any volunteer must be pre-arranged by the class teacher and approved by the Principal after the clearance number is obtained along with 100 points of identification

This includes classroom helpers, kitchen-garden volunteers, sports coaches and canteen volunteers.

Have a great week!
