TERM 4 BEGINS

Principal's Report

Welcome back to Term 4 to what should be a very busy and productive term for all students. Hopefully all students have relaxed and are ready to engage in some exciting learning opportunities for the remainder of 2018. This term I encourage parents to pay particular attention to their child's school attendance. Attendance at school each and every day will maximise the opportunities for students to progress in their learning at the expected levels.

School Uniform

The weather has been warming up and students should now be wearing their full summer uniform including black school shoes for both boys and girls. Please make sure that your child is dressed neatly and tidily at all times. Students are reminded to wear the correct school, sun-safe hats at all times during play. School hats are for sale at the front office for \$12 if your student needs a new hat. The rule is no school-hat; you must play under the sheltered areas.

Breakfast Club

Just a reminder a free breakfast program runs every morning in the school kitchen. Any student who would like to access this program is asked to be at school between the times of 8:45am and 9:00am

where a healthy breakfast will be served. Research shows that students concentrate better in the classroom after eating a good, healthy breakfast in the morning.

Calendar

A calendar of events for this term is enclosed in this newsletter. It is a ten week term with students finishing their school year on Wednesday 19th December. Please note the important dates such as Presentation Day (18th December), Swimming School (3rd December – 14th December) and Year 6 Farewell (13th December). Our first assembly will be held this Friday and will be a merit assembly.

Swimming School

Swimming School will be offered to all students this term and we thank the P&C for helping to subsidise this wonderful program for our students.

Have an enjoyable term!

Aurora College

The virtual selective school for rural and remote students

Aurora College is NSW's first virtual selective school, offering a mix of online and residential school classes. The school provides innovative, flexible learning in a whole new context, by allowing students to connect locally and learn globally.

Aurora offers selective classes in English, mathematics and science to gifted and talented Year 7-10 students from rural and remote areas across NSW. Students connect with their teachers and classmates in timetabled lessons through a virtual learning environment.

The college also gives Year 11 and 12 students the opportunity to study subjects not available in their own school. For details please visit our website.

Aurora College offers students expanded career options through innovative partnerships with businesses and with scientific, cultural and tertiary education institutions.

Students in the selective stream are chosen in the same way as students in all other selective classes in NSW government schools.
