CREATIVE CATCHMENT BOOK LAUNCH

Principal's Report

Welcome Back to Ex-students!

It is with great pleasure that we welcome ex-students, Ryan Garner and Taylor Johnston, back to school this week. Ryan and Taylor are undergoing work experience as part of their Year 10 studies at Hay War Memorial High School. Taylor is working in the 2/3H classroom with Miss Hicks and Ryan will be working alongside our computer co-ordinator, Mrs Houston. It is lovely to see these smiling faces back at the place where it all began!

Creative Catchment Book Launches

This week our Year 6 students launched their books to the community as part of the Creative Catchment Kids program. Creative Catchment Kids is an initiative of the Wirraminna Environment Education Centre that encourages students to develop creative solutions to agriculture and natural resource management issues. The program provides students with an opportunity to publish their own stories to support learning about their local area. This year students researched and wrote about greenthinning on Namcott, a property that lies 25km west of Hay. Students also researched and wrote about a local man, Uncle Roy Kennedy, who is an elder of the Ngampaa people, a dryland tribe whose boundaries lie north of the Lachlan River. Two fabulous videos of Uncle Roy were also produced and launched along with the book. Thank you to Mrs Cullenward and Owen Dunlop who have worked with our students on the creation of these resources and their launch this week.

School Chaplaincy

Hay Public School is fortunate to have a School Chaplain on site to support our students and the school community. Shane Orchard, our School Chaplain, is available to listen to students who may need a helping hand and can link students to the appropriate support

services. Shane runs programs in the school focusing on social skills, anger management, empathy, how to deal with grief and trauma, family breakdown, building resilience around bullying and encouraging positive school engagement. Shane works with students in the classroom, in the playground and in small group situations to ensure effective support. Chaplaincy support can be requested by parents at any time by making contact with the school.

Swim School

This week swim school permission notes will be sent home. Swim School is a whole school program run at Hay Public School commencing in Week 8 and runs from 3rd December to 14th December. Swimming is an invaluable, lifesaving skill that all students benefit from. Many thanks to our wonderful P & C who contribute to the running costs of this fabulous program. Please ensure that you send the signed permission notes back to school by Monday 26th November 2017. If you have any queries about the program please see Mrs Sarah Houston.

KIPA

We have entered the last rotation of our Kids in Performing Arts groups for 2018. Many students have enjoyed the weekly rotations whilst developing skills in performing arts. Students have participated in a range of activities including ukulele, puppetry, calisthenics, cheerleading, dance, percussion and singing. Thanks must again go to the P & C for making these groups possible and to our dedicated teachers for their preparation in creating engaging experiences for our students.

Have a great week!

COMPLETE A 5 MINUTE SURVEY & SHARE YOUR EXPERIENCES ABOUT DIABETES MANAGEMENT AT SCHOOL

The survey will be open until the 7th of November 2018

DIABETES IN SCHOOLS NDSS

Have your say on diabetes in schools

Diabetes Australia is currently leading consultation to develop a national program to better support kids with type 1 diabetes in schools.

The new nationally consistent training program for teachers and school staff will be targeted at every school with a student with type 1 diabetes and this will cover the safe administration of insulin, hypoglycemia (low blood glucose level) management, and 'normalising' diabetes in schools so the students are not stigmatised.

The program will also clarify the legal framework for diabetes management in schools and resolve any confusion over who can train school staff, and which school staff should be trained.

To ensure the new program meets the needs of schools, students and parents, and builds on all the good work already happening, we want to hear from you about what works and what needs to be improved.

For dates and to register to attend one of our information sessions please use the link <https://pwc.to/2OletTr>

If you can't attend a workshop, please take five minutes to complete a survey also available at the above link.
